WELCOME

## **Introduction**

Lisa Roush, Incident and Complaint Specialist (Iowa Medicaid)

Ciara Davis, RN, BSN, MSHA, Manager II Grievance & Appeals (Amerigroup)

Malinda Malcolm, BSN, RN Director, Grievance and Appeals Quality Improvement (Iowa Total Care)

Moderator: Courtney Ackerson, HCBS Training Specialist

# Objectives

- Review Iowa Administrative Code (IAC) requirements for incident reporting
- Define the difference between a major and minor incident
- Identify updates to the reporting process for fee for service (FFS) members
- Review example cases to understand reporting categories
- Gain knowledge regarding incident report troubleshooting and resources for each reporting entity

# Iowa Administrative Code: Chapter 77

- Habilitation Services- 77.25 (3)
- Health & Disability (HD) Waiver- 77.30 (18)
- Elderly Waiver- 77.33 (22)
- AIDS/HIV Waiver- 77.34 (14)
- Intellectual Disability (ID) Waiver- 77.37 (8)
- Brain Injury (BI) Waiver- 77.39 (6)
- Physical Disability Waiver- 77.41 (12)
- Children's Mental Health (CMH) Waiver- 77.46 (1)d

# Iowa Administrative Code

- Defines major and minor incidents for HCBS waiver and Habilitation Services
- Identifies reporting requirements for major incidents
- Incident definitions and reporting timelines are the same for fee-for-service (FFS) members and managed care (MCO).
  - The difference is in the reporting process for each entity and is addressed later in this training
- Informational Letter 2128-MC-FFS clarifies that an incident report is required for any HCBS waiver or Habilitation member regardless if direct services were being provided at the time of the incident

# Reporting Examples

## Major Incident Report Required - Examples

- Medication error resulting in physician's treatment
- Abuse (including when reported to DHS Abuse Hotline)
- Death
- Hospitalization/ER visit due to injury/mental health treatment
- Law enforcement intervention
- Location Unknown- lack of supervision

## Minor Incident Report – Examples

- Medication error- no reaction or no treatment needed
- Seizures with no physical injury
- Injury resulting in basic first-aid, bruising
- Injury to others resulting in basic first-aid, bruising
- Destruction of property

# Definition of Major Incident

An occurrence involving a member enrolled in waiver (or Habilitation) services:

1. Results in a physical injury to or by the consumer that requires a physician's treatment or admission to a hospital;
2. Results in the death of the member;
3. Requires emergency mental health treatment for the member;
4. Requires the intervention of law enforcement;

# Definition of Major Incident (cont.)

5. Results in a report of child abuse pursuant to Iowa Code section 232.69 or a report of dependent adult abuse pursuant to Iowa Code section 235B.3;

- Report suspected dependent adult/child abuse
- Complete a major incident report
- DHS abuse hotline and Iowa Medicaid are not the same
- Regardless of DHS decision to accept or reject intake a major incident report is still required

# Definition of Major Incident (cont.)

6. Constitutes a prescription medication error or a pattern of medication errors that leads to the outcome in paragraph “1,” “2,” “3”; or “5”

- Update to Chapter 90 did not include prescription errors in the definition of major incident
- The error will be corrected
- All Providers, including case managers are expected to follow the most restrictive guidelines regardless of which chapter or code is being referenced

# Definition of Major Incident (cont.)

7. Involves a member's location being unknown by provider staff who are assigned protective oversight.

This is when services or supervision by staff is to be provided or is scheduled.

# Storing a Major Incident Report

- Major incident is reported through IMPA/MCO portal
- Make notation that incident report was completed in member's file
- Actual print out of incident report is not necessary
- Follow agency's policy and procedures regarding storage of incident reports
- Questions, contact your HCBS Specialist

# Minor Incident

An occurrence involving a member that is not a major incident which-

1. Results in the application of basic first aid
2. Results in bruising
3. Results in seizure activity
4. Results in injury to self, to others, or to property  
**(No physician or hospital treatment needed)**
5. Constitutes a prescription medication error  
**(No physician or hospital treatment needed)**

# Reporting a Major Incident

## IoWANS Workflow

- Case Managers answer milestones in IoWANS

## IMPA

- Disable users when employment ends

# Common Reporting Errors

## Choosing the Incident Type

### **Physical Injury**

- Seen for actual physical injury and not medical illness or other issue
- If member was not seen for a physical injury and no other incident types on incident form match or makes sense, then re-evaluate if form actually needs to be completed
- Check Iowa Administrative Code, this presentation, email the HCBS IR mailbox

# Common Reporting Errors

## Choosing the Incident Type

### Law Enforcement

- Law enforcement was not directly related to a member issue then an incident report is not required
  - Examples of when an incident report is not required when law enforcement is called
    - Potential Intruder to the family home
    - Involved in a motor vehicle accident and police were on scene
    - Member requires transport to the hospital via ambulance, not related to a physical injury
    - Member calls 911 to come to the home for reason other than abuse, assault, mental health crisis, physical injury, etc.

### Medication Error

- Incident type on form specific to medication errors
- Do NOT mark physical injury

# Common Reporting Errors (cont'd)

## Root Cause

- Required and tracked by CMS
- Every incident report submitted is reviewed for content and root cause
- Root cause is missing, form will be returned to be corrected

## Incident Reports are for the member

- Completed for an incident that occurred directly to the member named on the form
- Clarify definition of major incident
  - To or **by** the consumer that requires a physician's treatment or admission to the hospital. "By the consumer" is if the member has hurt themselves or is being self-injurious
  - Do not send reports if member has hurt staff, another member, family, etc. that required physician care

# Emergency Room (ER) Claim Review

- ER Claims are pulled on a monthly basis
- Diagnosis codes are filtered to identify those meeting the definition of a major critical incident
- Critical Incident reports are matched to the ER claims
- Case Managers are contacted regarding ER claims without an incident report
- Case Managers responsibility to obtain the information, complete the incident report, and load it into IMPA

# Ensuring all incidents are reported

- Case Managers should ask members about ER visits each time they talk/meet
- Providers should ask members when they see them if they have been in the ER since the last time services were provided

# Managed Care Organizations (MCO)

- Amerigroup
- Iowa Total Care
- All of the same waivers, rules, definitions, reporting
- When member is enrolled with an MCO, a critical incident report does not need to be submitted to Iowa Medicaid

# Amerigroup: Accessing the Critical Incident Report Form
